

Additional Golf Roundtables Scheduled

As you may have seen in an e-mail blast yesterday to all RVR homeowners, two new golf roundtable meetings are scheduled: Thursday, January 10 at 9:30 a.m. – and Monday, January 14 at 6:30 p.m.

Both sessions are in the Ranch House Great Room, have limited seating, and are by reservation only. If you're interested in attending either of these sessions, please contact RVR Community Services Manager Kendra Ford, at csm@rvrcommunity.com

The RVRMA Board and Golf Advisory Committee are committed to having more of these meetings, as long homeowners are interested in continuing the dialog.

Putting Finishing Touches on Casper Golf Report

The RVRMA Board and Golf Advisory Committee are putting finishing touches on the Billy Casper Golf Report. The Board and Committee are working closely with Casper Golf, our consultant, to make sure the report meets the community's needs.

Once finalized, the report will be shared, in its entirety, with the RVR community.

The report focuses on the economics of operating the course, identifies long-term capital needs, provides a "fair market value" for the golf course, and estimates what effect a golf course closure could have on RVR property values.

The report will not make recommendations regarding potential Board and community actions; instead, the report will provide data the Board could use to determine its own recommendation to RVR homeowners. Ultimately, any actions taken regarding the golf course will come from a vote of the RVR community.
