

As promised at each meeting, what's said at the roundtables stays at the roundtables. There are no minutes of the proceedings, though informational trends are being shared with the Board and Golf Advisory Committee to help them keep their finger on the pulse of the community.

Additional sessions are planned for early 2019. Keep an eye on these weekly Golf Updates for dates and times of upcoming roundtables. The Board and Golf Advisory Committee are committed to continuing these meetings as long as homeowners want to have them.
